

# 65 Million Years Ago

Red yellow eyes?  
Who can tell?  
Blue green skin?  
A particular smell

Big hip bones  
Well the fossils show  
You ruled the world  
And you could grow!

## CHORUS

Spinning round in space  
Our world was a different place  
Giant monsters everywhere!

Dinosaurs – where are you?  
Fossil bones are all that's left to show  
Dinosaurs – what happened?  
**Sixty-five million years ago**

Sharp white teeth  
Colossal jaws  
You moved around  
On your three-toe claws

*Repeat chorus*
